Flame Retardant Polyester patterned Cushion Covers

As part of our soft furnishings service we offer a wide range of classic and contemporary designs in Flame Retardant polyester suitable for healthcare, care home, hospice and clinical environments. Through understanding your needs we present colour options, designs and products tailored to your requirements. Products include duvet covers, pillowcases, cushion covers and towels. Curtains also available if required, minimum quantities apply. Cushions available in our healthcare wipeable range and cream guard wipeable and waterproof range suitable for infection control.

Composition	Design	Size
100% Flame Retardant Polyester	Wide Range of Designs	approx 45x45cm
